I am writing in response to a letter dated October 5, 2012 from Ms Alexandra Broomhead, Senior Campaign Finance Analyst, regarding the July quarterly report for the NRG Energy Inc Political Action Committee (the PAC). This letter indicated that the PAC reported a contribution to Friends Of John Boehner on April 5 2012 which was designated to the primary election. Ms Broomhead indicated this contribution occurred after the Ohio primary election date of March 6, 2012. The NRG PAC acknowledges this error, and in fact was contacted by the Friends of John Boehner PAC in early July requesting that the NRG PAC re-designate this contribution towards the 2012 General Election. The NRG PAC did re-designate this contribution as being made for the 2012 General Election. Our 3rd quarter 2012 filing with the FEC made on October 15, 2012 now reflects the re-designation of this contribution and thus correction of the error.
